

B Wise GRC Offering Broadens with CaoSys Integration

15th March 2011

CaoSys, a developer of Governance, Risk, and Compliance (GRC) and productivity solutions for Oracle E-Business Suite and B Wise, a global leader in GRC management software announced this week that they are forming a strategic alliance to help deliver a best-in-class GRC platform to a wider market.

B Wise delivers a robust platform for Governance, Risk and Compliance (GRC). This platform is based on a solid foundation of process management, risk management and compliance expertise. Managing corporate responsibilities and obligations, as well as structuring enterprise risk management are all key aspects of the B Wise GRC Platform. B Wise have integrated the standalone edition of CaoSys's SoD solution (CS*Comply/SE) directly into their GRC offering to enable organizations using Oracle E-Business Suite to benefit from their powerful GRC platform.

Craig O'Neill, CTO at CaoSys, said "We are delighted and excited by this opportunity to join forces with an industry recognized and leading player in this market. It is a strategic choice for CaoSys to select an integrated GRC solution vendor such as B Wise as one of our business partners; their Magic Quadrant positioned GRC solution is the ideal platform to help us broaden our reach and strengthen our brand. By integrating a new standalone edition of our powerful Segregation of Duties solution (CS*Comply) into the B Wise Enterprise GRC Platform, we are bringing more organizations the opportunity to benefit from the latest in GRC related software technology to help them save time and money as well as adhere to and fulfil their risk and compliance management requirements."

CaoSys offers several solutions that fall into two distinct market segments, compliance and productivity. The companies compliance based solutions, CS*Audit, CS*Comply, CS*Proviso, CS*Secure and CS*Impact enable organizations to implement data auditing, segregation of duties (SoD) internal controls and fine-grained data security based controls as well as aid change management processes. Their productivity based solutions, CS*Form, CS*Accelerate and CS*Enquire cater for several needs such as onscreen interactive reporting, application extensions, application building, application augmentation and ad-hoc querying to name but a few.

Robert Pijselman, CEO of B Wise, said "We are proud to welcome CaoSys as one of our strategic business partners. The deep Oracle E-Business understanding and the broad market experience from CaoSys adds value to our existing customer base. The recent integration of CaoSys's CS*Comply/SE software into the B Wise GRC suite is a further example of the expanding market for integrated GRC solutions."

END

About CaoSys

CaoSys is an independent software solution provider within the GRC and productivity software space. Its solutions offer radically different ways of implementing solutions for the Oracle E-Business Suite that save time and money. Their solutions provide all the main disciplines for a comprehensive GRC solution, from traditional conflict based segregation of duties to high risk single function security to data segregation and hiding to application configuration to powerful data auditing as well as a host of very powerful productivity tools.

CaoSys software helps businesses streamline and secure their applications making their users and therefore their business more efficient whilst ensuring assurance and accountability.

CaoSys was formed during 1999 and is based in Yorkshire in the North of England.
